## FLOWER SEEDS

1941

*Time to Sow*

# “TIME TO SOW”

You are about to prepare your crops for another growing season, resolved to improve this variety or that where perhaps last year you were not entirely satisfied.

In compiling this list, we have taken into consideration type, productiveness and commercial value of all items listed and have restricted ourselves to listing, in alphabetical order, only those varieties which are considered the best in their class.

Seed is truly the spark of eternal life. For if, once through all the ages, seed had failed, life on earth would have become extinct.

Seed, therefore, is the all important item on which to build your crops. Many costs go into the growing of your crops that far outshadow the cost of the seed. It is vitally important that your flower seeds are carefully selected for type and color.

The name *Gloeckner* has long been associated with the seed trade. We wish to identify it as a standard of quality for many years to come. To accomplish this, a consistent year after year supply of high quality seed giving uniform results must be delivered.

This label, a facsimile of our current catalogue cover, with the year plainly marked, is attached to every package of seed, and is your guarantee that the seed therein is fresh from this year's crop.

Fred C.  
**Gloeckner**  
& Company

Seeds . . . Plants . . . Bulbs  
From World Wide Sources  
15 East 26th St. New York City

## FROM WORLD WIDE SOURCES

It is necessary to procure types, varieties and colors not from one spot on this world of ours, but from many remote corners.

It may be a great seedsman here in America or some obscure little grower in far off Africa who grows this or that a little better.

Wherever this better type or colors may be had it is, and has been our aim to check and recheck across the world, to procure from World Wide Sources better types, Strain and Colors for your use.

## BUSINESS TERMS

**2%    10 days    60 days net for customers of approved credit**

Prices in this Catalogue are subject to change without notice.

All goods are offered subject to Crop Failures, Shortage or other causes beyond our control, and to being unsold on receipt of order.

The prices in this catalogue are for the trade only. For your own protection do not loan this catalogue to anyone not entitled to Florists or Wholesale prices.

Unknown correspondents desiring to open an account are requested to furnish three trade references with whom they have had credit relations.

We, Fred C. Gloeckner & Co., Inc., give no warranty, expressed or implied, as to description, quality, productiveness or any other matter of any seeds, bulbs or plants we send out, and will not be responsible for the crop. If the purchaser does not accept the goods on these terms, they are at once to be returned.

War and blockade conditions have necessitated the elimination of some varieties of flower seeds from our 1941 list, and there may also be some items listed which we will be unable to supply. These will be reinstated as soon as conditions permit.

## NOVELTIES

## PETUNIA HYBRIDA "RADIANCE"

This new hybrida Petunia is a **rich rose or cerise with a golden throat**. The rich brilliance and life in the color of Radiance is outstanding. It begins blooming early and profusely. Silver Medal 1941 All American Selections.

Tr. Pkt., 50c

 $\frac{1}{4}$  oz., \$2.00

Oz., \$7.00

*Petunia Radiance*

## DELPHINIUM PACIFIC STRAIN

(Vetterle &amp; Reinelt)

This is and has unquestionably proven to be the leader in Delphiniums of the better type. If you are not as yet acquainted with this strain, be sure to include it in your growings this season. See page number 00 for complete list of varieties.

## ALYSSUM COMPACTUM "VIOLET QUEEN"

Plants are dwarf, compact, neat in habit, free flowering. The small sweetly scented flowers are a very rich, deep shade of violet . . . worth a trial.

Tr. Pkt., 25c

Oz., \$1.00

*Marigold Pot O'Gold*MARIGOLD DWARF GIGANTEA  
"POT O'GOLD"

This showy fragrant Marigold is a dwarf growing counterpart of the gigantea type. The plants are compact, 12 to 15 inches tall, well branched, very neat in appearance and bears a dozen or more blooms at a time. The flowers which are a **penetrating shade of deep golden orange** are somewhat loosely formed, very full centered, with broad heavy petals overlapping, thus making a flower of great depth and beauty. This strain is exceptionally early flowering.

Tr. Pkt., 60c

 $\frac{1}{4}$  oz., \$1.25

## NOVELTIES

**PETUNIA RUFFLED GRANDIFLORA  
NANA COMPACTA MIXED**

In this distinctly new type we are able to offer you this combination in one variety. The blooms are extra large, well ruffled with good open throats and are more of the dwarf Giants of California type in both form and size. This mixture contains a blend of striking colors ranging from **white to pink through rose to red, and includes many color combinations of pink and white with gold throats and red and white with dark throats.** We think this should be good for pot culture.

Tr. Pkt., \$1.00      1/64 oz., \$1.75      1/32 oz., \$3.00

**PETUNIA ALL DOUBLE VICTORIOUS  
"BLUE BROCADE"**

This all double Petunia is a true **Violet Blue** in color and the flowers are large and fringed. The plants which are stocky in growth, bear a high percentage of fully double fragrant flowers. The reports from the trial grounds were so favorable that **BLUE BROCADE** was awarded a Silver Medal in the All American trials.

Tr. Pkt., \$2.00      1/64 oz., \$8.00      1/32 oz., \$15.00

*Petunia Blue Brocade*

**PETUNIA HYBRIDA NANA COMPACTA  
"FIRST LADY"**

A companion to the variety "Glow," having the same uniform dwarf ball shaped growth. Flowers a beautiful **light silvery rose pink**. Extra free flowering all season. The pleasing color and good habit of First Lady make this a welcome addition to the Petunia family.

Tr. Pkt., 50c      1/32 oz., \$2.25      1/16 oz., \$3.25      1/8 oz., \$5.00

*Petunia First Lady*

## NOVELTIES

### ASTER PRINCESS TYPE (Wilt Resistant)

This new type Aster provides a needed new form for the cut flower grower. The blooms which are similar to the older Aurora Type have a full crested center surrounded by several rows of strong guard petals. They are fine keepers and good shippers. Stems are strong, of good length and the plants are free blooming.

**PRINCESS ANNE . . .** Peach blossom shade opening delicate pink and turning rose pink as the flowers mature. Flowers are of good substance and heavy stemmed.

**PRINCESS BONNIE . . .** A very beautiful soft salmon rose shade with center rich gold while opening. A beautiful new color combination in Asters. The large blooms are freely produced on long stemmed plants.

**PRINCESS MARSHA . . .** A strong vibrant cinnabar scarlet boldly contrasted with the rich gold center of the young flowers. As the flowers open and mature, the golden center turns a silvery cinnabar. This variety introduces an exciting new color note that is most effective in flower arrangements.

*Aster Princess Type*

Tr. Pkt., 50c      1/4 oz., \$1.00      Oz., \$3.50

### ASTER GIANT HARMONY TYPE (Non-Resistant)

Harmony type is an excellent cut flower strain which comes about 50% true to color. The large flowers have full double quilled rounded centers, surrounded by several rows of broad short guard petals. Plants are tall with long basal branching stems.

**MOONLIGHT . . .** Beautiful soft azure blue high lighted by the gold of the center as the flower opens.

**SUNRISE . . .** This variety brings an entirely new shade to Asters, a very exquisite delicate shade of apricot pink with a rich apricot gold center. This is one of the pastel shades so in demand by the cut flower grower.

**MIXED . . .**

Tr. Pkt., 50c

1/4 oz., \$1.00

Oz., \$3.50

## OUTSTANDING INTRODUCTIONS

## CINERARIA

**"Siter's Rainbow Strain"***(The Commercial Cineraria)*

This new commercial Cineraria carries immense flowers heads, is compact in growth, with small round leaves which require little room. These characteristics make it extremely profitable to grow. The medium large flowers in colors ranging from the bright eyed types, to the finer pastel shades, surpass anything previously introduced and are the outstanding feature of this strain. It is sure to please your most discriminating clientele and we are proud to offer this as a introduction.

**ORIGINATOR'S PACKETS, \$2.00 EACH***Siter's Rainbow Strain Cineraria*

## PETUNIA HYBRIDA NANA COMPACTA "GLOW"

A rare combination of **dazzling carmine red color** with dwarf bushy growth. Individual flowers are borne in great profusion over the dwarf bushy plants. In richness of color this excels all other existing variety of similar type. Under the sun the glowing carmine red is particularly fascinating. Invaluable for pot and for border.

Tr. Pkt., 50c      1/8 oz., \$1.25      1/4 oz., \$2.25      Oz., \$8.00

## PETUNIA

## DWARF GIANTS OF CALIFORNIA

**"Ramona Strain"**

A Superb Strain of dwarf compact single petunia with giant ruffled flowers that have extra large veined throats. This mixture has a splendid color balance.

Tr. Pkt., \$1.00      1/64 oz., \$1.75      1/32 oz., \$3.00

1/16 oz., \$5.00      1/8 oz., \$9.00

*Petunia Ramona Strain*

# DELPHINIUM PACIFIC STRAIN Vetterle & Reinelt

## WE SUPPLY ONLY THE ORIGINATOR'S STRAIN

This is the finest strain of Delphinium yet introduced. From our personal observations in the field we find this has unquestionably proven to be the leader in Delphiniums of the better type. The flowers are immense in size, well set on strong, straight stems, do not shatter, and are 60 to 80% mildew resistant.

### 1941 NOVELTIES

#### BLUE BIRD SERIES

This series can be recommended as being the **clearest medium blues with white bees**. They carry well formed round flowers  $2\frac{1}{2}$  inches in diameter on very long, graceful spikes. **Fresh crop for July delivery.**

#### CAMELIARD SERIES

A **pure lavender self**, with **white bee**, individual flowers, are very round and flat. Excellent growing habits.

#### ROUND TABLE SERIES

This represents **all the color combinations of the Knights and their Ladies** which will eventually be introduced. This year some three hundred different crosses were used to make up this group.

Tr. Pkt. \$2.00       $\frac{1}{8}$  oz. \$4.00       $\frac{1}{4}$  oz. \$7.00      1 oz. \$24.00

#### BLUEJAY

Striking **clear medium to dark blue**, very intense and alive with **dark contrasting bee**.

#### BLACK KNIGHT

The individual florets, 2 to 3 inches in diameter, are **Dark Purple**, beautifully rounded form with heavy velvety texture. Very large well formed spikes.

Tr. Pkt. \$2.00       $\frac{1}{8}$  oz. \$4.00       $\frac{1}{4}$  oz. \$7.00      1 oz. \$24.00

#### GALAHAD SERIES

Flowers **Clear White**, averaging three inches in diameter, pyramidal spikes, good branching habit, strong whippy stems with a high percentage of mildew resistance.

#### KING ARTHUR SERIES

**Brilliant Royal Violet** with **large white bee**. Individual florets  $2\frac{1}{2}$  inches in diameter, thin woody stems, small foliage, graceful spikes. Excellent for both cut flowers. Mildew resistance from 80 to 90%.

#### GUINEVERE SERIES

**Light Pink Lavender self** with **white bee**. Individual florets  $2\frac{1}{2}$  to 3 inches in diameter, large spikes, excellent branching habits. For cut flower and show purposes. Mildew resistance—50 to 70%.

#### SUMMER SKIES SERIES

**Clearest Light Blue** with **white bee**. Individual florets 2 to  $2\frac{1}{2}$  inches in diameter. Thin woody stems with very strong branching habits. Ideal for cut flower purposes. Mildew resistance—40 to 60%.

Gypsophila London Market Improved

Larkspur

## ANNUAL LARKSPUR

### GIANT IMPERIAL or BASE BRANCHING

Tall, upright, compact, basal branching in habit, the Giant Imperials have superseded all other types of Larkspurs for florists' and general garden use. The delphinium like spikes or double flowers, carried on stems 4'-5' long, are compactly placed on the upright growing plants, requiring only about one-half the space needed for the old stock flowered type of Larkspur.

### SPRING FLOWERING SWEET PEAS

For the greenhouse grower, this entirely new type of Sweet Pea will give a greater amount of bloom than the Winter Flowering type seed; especially for April to June blooming. Also planted out-doors, the Spring Flowering Sweet Peas show a greater tendency to heat resistance and freedom of bloom.

	1/2 oz.	1 oz.	1/4 lb.

# ZINNIAS

## GIANT CALIFORNIA OR MAMMOTH FLOWERED

This type has rapidly gained in popularity. The plants which are three to four feet in height, are taller than the Dahlia Flowered class; and has long stems which adapt it particularly for use as a cut flower. The large flat flowers with imbricated petals give a graceful effect.

**Brightness**—Bright pink

**Cerise Queen**—

Beautiful orange rose

**Daffodil Improved**—

Canary yellow

**Enchantress**—

Light rose, deep rose center

**Golden Queen**—Golden yellow

**Grenadier**—Bright, dark red

**Lavender Queen**—

Deep rosy lavender

**Miss Willmott**—Soft pink

**Orange King**—

Cadmium or orange scarlet

**Orange Queen**—Golden orange

**Purity**—

White, best white in Zinnias

**Rose Queen**—Striking bright rose

**Salmon Queen**—Salmon rose

**Scarlet Queen**—

Glowing deep scarlet

**Violet Queen**—Deep purple

**Finest Mixed**—

From named varieties

# ZINNIAS

MISCELLANEOUS VARIETIES

## GIANT CRESTED MIXED (New)

(Howard & Smith)

This new strain of Zinnias has large flowers with a full rounded cushiony center surrounded by broad guard petals. The colors are bright and fresh and predominate in shades of Orange, Orange Scarlet, Yellow, Rose and Crimson. Produce about 60% true to type; and as they are improved will undoubtedly become a cut flower for florist use.

Tr. Pkt., 50c

1/4 oz., \$1.25

Oz., \$4.00

## HAAGEANA DOUBLE (Mexican Hybrids)

The smaller flowers lend themselves to bedding and make a brilliant display. The mixture contains many attractive colors and color combinations.
